

## Appendix 1

### Marketing Since April 2018

- Information presentation to a vegetarian group run by the local church in Worle, Weston super Mare
- There is a joint multi agency event running with the local PSCO's and we work with them, Community response and Community Connect in the village squares at Yatton and Clevedon. It is hoped that this will roll out to other villages such as Portishead and Pill
- Leafleting in Clevedon, Portishead, Uphill, Bleadon and Weston Hospital
- An informal presentation to St Johns ambulance officers and cadets in Pill. We are also going to explore what we can do together to help the cadets earn their badges
- We have built capacity into some rounds where we want to grown business
- We attended the Alzheimer's conference which enables networking with hospital staff from Weston and Southmead
- Supported a Portishead Dementia Group locally

### Other Work:

#### Fire Prevention

The Avon and Somerset Fire Prevention Officer attended a team meeting and the result has been:

- Identification of those at high risk of fire i.e. heaving smokers, hoarders is ongoing and this information is passed to the Fire Authority for their records
- Identification of those who may will have difficulty escaping their property and information passed to the Fire Authority
- Through this identification working with service users to discuss Fire Prevention Officers visiting and providing them with advice and guidance

#### Police

Police Community Support Officers continue to accompany the team on rounds within their geographical boundaries. This provides them with vital information on the vulnerable adults in their area.

#### Make Every Contact Count

The service is actively involved and continues to carry out informal reviews on individual's needs often signposting them through CURO for further support. The Manager is part of the North Somerset Project Group and has been nominated.
