

# **North Somerset Health Overview Scrutiny Panel**

## **CCG update**

### **7<sup>th</sup> June 2018**

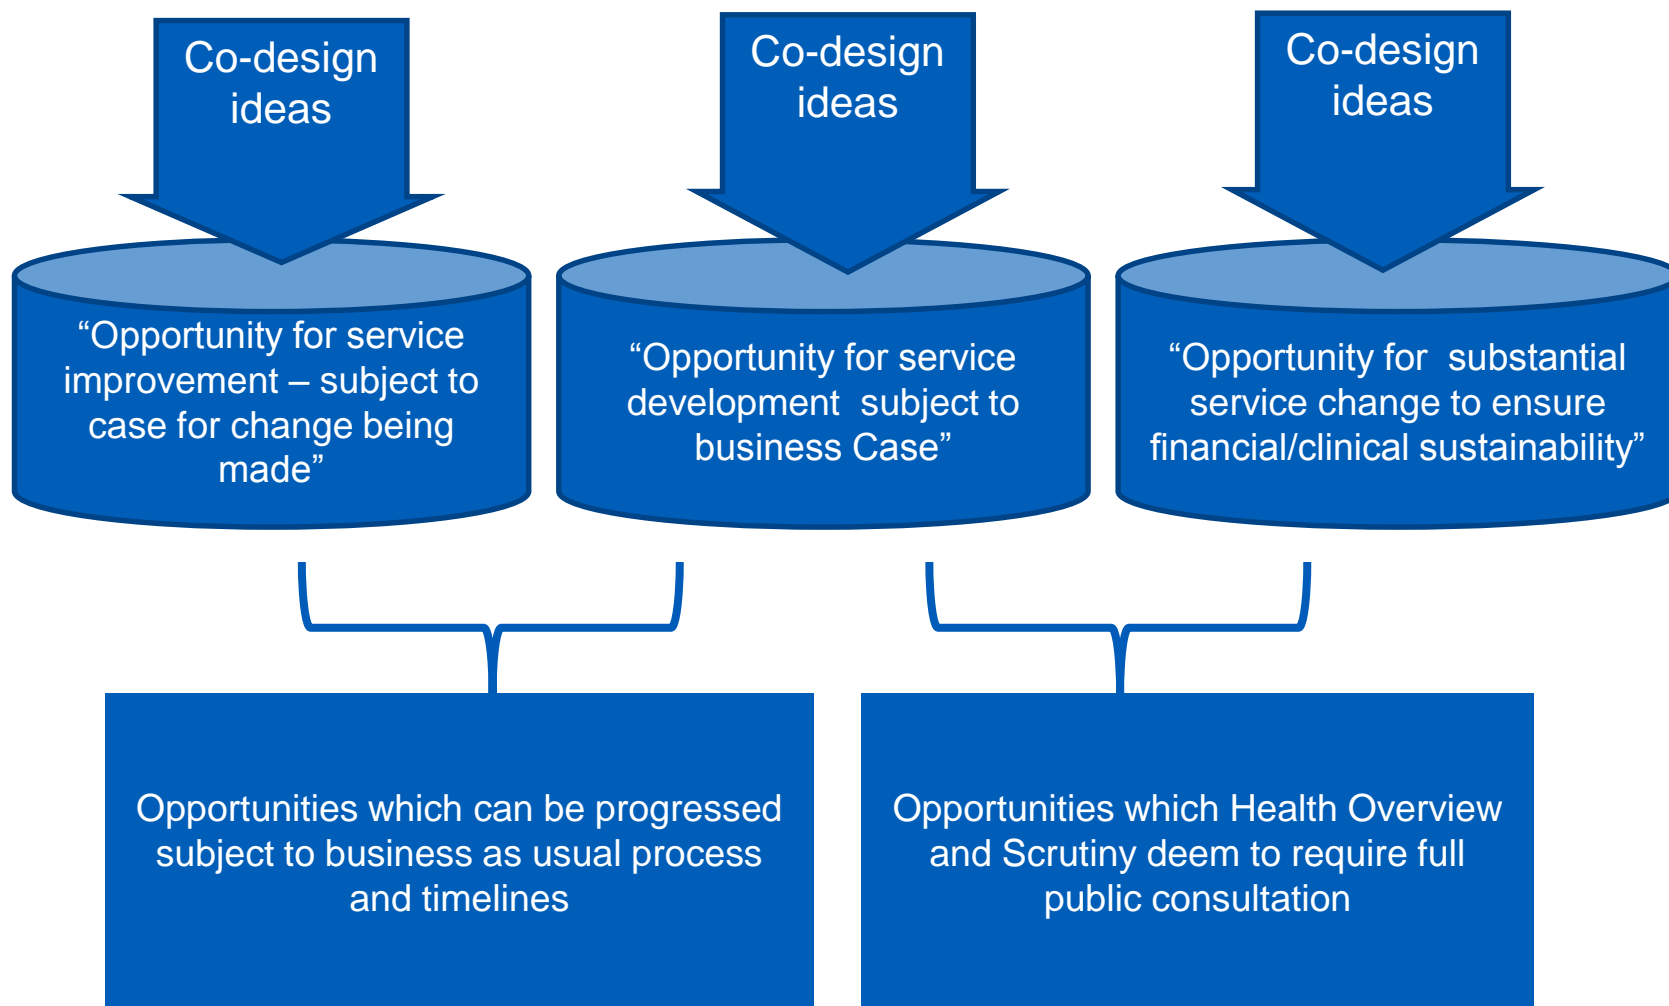

# Healthy Weston Co-Design & Engagement

Opportunities to strengthen services developed through process of engagement and co-design.

- Ideas to improve primary care resilience
- Ideas to improve pathways for people with complex care needs and long term conditions
- Ideas to improve care for people living with frailty
- Ideas to support “strong focused hospital”

# Healthy Weston – Next Steps

# Healthier Together update

Bristol, North Somerset  
and South Gloucestershire  
Clinical Commissioning Group

## Joint leadership appointment for Healthier Together

NHS England and NHS Improvement have approved plans for the joint leadership role for Healthier Together. Julia Ross, Chief Executive of Bristol, North Somerset and South Gloucestershire Clinical Commissioning Group has joined Robert Woolley, Chief Executive of University Hospitals Bristol NHS Foundation Trust in jointly leading the Partnership.

## Healthier Together Conference – 21<sup>st</sup> June 2018

A major conference is being planned for later this month. The event will be an opportunity to showcase progress so far, discuss five year plans and to enlist people to get more involved in shaping the future.

## System Delivery Oversight Group

Eight themed areas have been assigned to senior responsible officers and asked to develop final costed bids and mobilisation plans for review by the A&E Delivery Board. 2018/19 Operational Plans, including trajectories for performance on key A&E, referral to treatment and cancer access targets
