 - (ii) drink as much alcohol as possible (whether within a time limit or otherwise);
- (b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;
- (c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;
- (d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner;
- (e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

2. The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

4. (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.

(2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

I/We object to the application being granted in its current form*

* If you choose this option please tell us below what changes you would like to see.

Please detail your objection(s) as fully as possible in the box below. If you do not then the Committee may not understand why you have objected. Please also state if you consider a hearing to be unnecessary.

Please attach supporting documents/further pages as necessary and number all extra pages.

Try to be as specific as possible and give examples e.g. *On 1 February I could hear loud music from the premises between 10pm and 1 am. I am concerned that if the premises open until 2 am this will cause a nuisance to me and other residents of the street.*

The Environmental Protection Team do not object to the licence application per se.

Whilst the applicant has submitted with the premises licence application a number of conditions to prevent public nuisance, these would seem to have been copied and pasted from a previous premises licence from another authority. Whilst in general these conditions reflect the measures that would be required to prevent public nuisance, some rewording of the conditions, as well some additional conditions, are required in order to make the conditions relevant to this event/licence.

In light of this, the Environmental Protection have provided a copy of the proposed conditions (see below), that we would wish to be included on the premises licence to protect public nuisance. At this stage, we have not been able to agree these conditions with the applicant. Further discussions with the applicant are ongoing to secure agreement on these conditions, but given the application deadline, the Environmental Protection Team at this stage **OBJECT** to the premises licence application.
