PAR 47 Planning Application No. 19/P/0719/FUL Retention of building works to enable conversion of barn to 3 dwellings at Myrtle Farm, Nailsea Wall, Nailsea (Agenda item 6)

The Director of Development and Environment reported on an application for planning permission.

Contrary to the officers' recommendation Members considered that the proposed works would be very similar to the works previously approved and would not adversely affect the character of the area. The proposals would not therefore be contrary to policy.

Resolved: that the application be **approved** subject to the following conditions:-

1. The development hereby permitted shall be carried out in accordance with the approved plans and documents to be listed on the decision notice.
2. No dwelling hereby permitted shall be brought into use until its parking area has been provided in accordance with the approved plans and specifications. The approved parking areas shall properly be consolidated and surfaced and the parking spaces marked out before any dwelling is occupied and thereafter shall not be used except for the parking of vehicles in connection with the development hereby permitted.
3. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) (or any Order revoking and re-enacting that Order, with or without modification), no extensions to the dwellings shall be carried out without the permission, in writing, of the Local Planning Authority.
4. The works of enhancement of wildlife habitats that are recommended in the Bat & Protected species survey submitted as part of prior approval application 17/P/1017/CUPA shall be implemented prior to the occupation of any of the dwellings and shall thereafter be retained.
5. The dwellings hereby approved shall not be occupied until measures to

generate 10% (less if agreed with the local planning authority] of the energy required by the use of the development (measured in kilowatt hours - KWh) through the use of micro renewable or low carbon technologies have been installed on site and are fully operational in accordance with details that have been first submitted to and approved in writing by the Local Planning Authority. Thereafter, the approved technologies shall be permanently retained unless otherwise first agreed in writing by the Local Planning Authority.

6. No dwelling shall be occupied until space and facilities for the separate storage and collection of waste and recycling materials have been provided for it in accordance with plans and specifications that have first been submitted to and approved, in writing, by the Local Planning Authority. The said space and facilities shall thereafter shall be made permanently available for the storage and collection of waste and recycling materials only for the occupiers of the dwelling.
7. Any other conditions Officers consider are required and are standard
