Subject: Letter of support for outside seating until 8pm

I am writing to you in connection to your current application for additional seating outside of The Lime House . I understand that it will take the form of a parklet of which there are two already now in the road . As you know we have a business at [REDACTED] which is a barbers and coffee shop combined and we are open until the early evening 6 days a week . We've had our business in the Hill Road for over 6 years and have been neighbours of The Lime House for a large proportion of that time . We have always enjoyed good relations with The Lime House in particular with [REDACTED] the manager of the premises . [REDACTED] has been an active member of the local traders group and been part of the planning team for the community Christmas lights event over the last few years taking on the responsibility of waste management , a key role due to the increased foot fall attracted by the event . We can say that from our personal experience when we leave our shop in the early evening we have only ever experienced the current outside seating being used in a responsible manner . Particularly on a sunny day the area feels like an outside seating area you might experience on the continent. The parklet arrangement with planting in place would further enhance the street and extend the outside seating available in the street for visitors to the area , complimenting the existing licensed outside seating . We would support this application for licensed outside seating until 8pm .

Regards
